## Zinnovate International Partners with ShipChain

Zinnovate International is excited to announce its recent partnership with ShipChain, [www.shipchain.io](http://www.shipchain.io), the blockchain powered visibility platform for logistics.

“Zinnovate is determined to maintain its industry front seat position and continues to team up with leading technology providers to deliver ‘unfair advantages’ to forward-thinking logistics companies,” says Zinnovate International CEO, Håkan Nilsson. “On behalf of the global team of Zinnovate, represented on all continents, we are extremely proud to support the visionary leaders of ShipChain.”.

Zinnovate International [www.zinnovate.se](http://www.zinnovate.se) is a fast-growing IT and management consultancy company with its roots in empowering global logistics companies to realize the full potential of their IT portfolios.

Zinnovate has recently broadened its geographic footprint to cover all continents and offers a unique network of IT- and management consultants deeply rooted in the global freight forwarding industry.

Zinnovate is acknowledged as the Best Management Consultancy in Global Logistics Industry at the Business Worldwide Global Corporate Excellence awards 2017.
